

AIR QUALITY

SCHOOL: IZARD COUNTY CONSOLIDATED

LOCATION: BROCKWELL, AR

FLIGHT PROVIDER: WORLD VIEW

GRADES: MIDDLE SCHOOL

STUDENT EXPERIMENT DESCRIPTION

Our experiment is going to measure the quality of the air in the atmosphere. Our experiment hypothesis is that the air quality in the atmosphere is as bad as the air we breathe on earth. Our inspiration is to make sure astronauts aren't breathing in any pollutants and so we know the amount of carbon dioxide in the air to find the air quality in a space station.
